REMARKS

The amendments to claims 1-28 were explained in the original Preliminary Amendment.

New claims 29 and 30 are added to claim a pharmaceutical composition comprising compounds of formula II (as amended in the grandparent) and the compound of Example 29A, respectively, in the form of a cream. Support for cream formulations of the claimed compounds is found in the specification on page 94, lines 26-28.

Applicants respectfully submit that no new matter has been added by the amendments.

Applicants look forward to an early examination on the merits.

Respectfully submitted,
